**THE THREE MILLIMETRE SOCIETY
ILLUSTRATED CATALOGUE**
Second Edition for release as a download from the Society website
Compiled: Summer 2009

The graduated scale visible in pictures is in millimetres.

This catalogue lists products that have been produced by the Society over the years, some of which were short range productions. **The presence of an item in this catalogue is not a guarantee that it is available from the Society shop.** Items that may have sold out and no longer be available from the shop are included so that members are aware of past availabilities and can attempt to find an item through Second Hand Sales or by advertising in the Newsletter.
